

DIY CLEANERS FOR YOUR HOME.

What makes Daisy Blue essential oils different? We take the guesswork out of the dilution, and provide a safe, **pre-DILUTED**, oil at the correct concentration, ready to use!

Jena's favorite 7 natural cleaners that are **SAFE and CLEAN!**

What you need: empty bottle / spray bottle, water, vinegar, baking soda, Lemon Oil, Tea Tree Oil, Kosher salt, Daisy Breeze Laundry Soap and/or DB Clean, and a lemon!

1. TOILETS

½ cup Baking Soda

10 drops Tea Tree Oil

10 drops Lemon Oil

Add the above ingredients to your toilet. Next, add ¼ cup white vinegar to the bowl, and scrub away while the mix fizzes.

2. DISINFECTANT SPRAY / MILDEW SPRAY

White vinegar – in an 8-16 oz. spray bottle

5-10 drops of Lavender Oil

5-10 drops of Tea Tree Oil

1-2 tsp. of DB Clean

Mix together in spray bottle. Spray direct on areas of mildew and let sit 1 hour. Rinse with warm water, and use a sponge to remove any lasting bits of mildew.

3. TUB/SHOWER/SINK SCRUB

¼ cup Baking Soda

¼ cup Daisy Breeze Laundry Soap

Mix together to create a paste. Use paste as a natural scrub.

4. CUTTING BOARDS

Cut a lemon in half and run it over the surfaces. Let sit for 15 minutes and rinse!

5. POTS & PANS

Use Kosher salt and a couple drops of Lemon Oil as an abrasive on your pots and pans to naturally remove left on food.

6. NATURAL FABRIC SOFTENER

Mix 20-30 drops of essential oil of choice to a one-gallon jug of white Vinegar. Add 1/3 cup to each load of laundry. Shake before use.

7. OVENS

Heat the oven to 125°F. Once the oven is warm, grab your spray bottle of white Vinegar (with 1 tsp. of DB Clean), and spray directly onto the affected areas. Turn off the oven and let it cool. Use a towel to scrub away the mess. If you need more cleaning, sprinkle baking soda or salt on the area, and spray with vinegar. Follow with a good rinse/wipe.
